

Thank you for visiting us at The Treatment. We look forward to seeing you again!

Post-Dermaplaning Treatment Instructions

- Do not use aggressive products (scrubs/exfoliants) for 3-7 days after treatment and make sure to wear sun protection (The Treatment "On The Daily SPF 45" is ideal or SkinCeuticals "Physical Fusion UV Defense").
- May Repeat treatment every 4-6 weeks.
- We recommend waiting at least 1 week before a Dermasweep facial.

Please let us know if you have any questions or concerns prior to your appointment.
